

OWNERS: PRESENT THIS FLYER TO SAVE 20% ON YOUR FIRST YEAR!

WeNeedaVacation does not charge **booking fees!**

Many major vacation rental websites dictate the booking process by adding their own booking or service fees. Vacationers find themselves paying substantial additional booking fees when using those large online booking sites.

The large websites limit communication with owners and withhold email addresses and phone numbers until after booking. WeNeedaVacation.com, on the other hand, allows and encourages direct communication with the owners via email, phone, and text to help ensure that your specific questions are answered prior to booking.
